General Information

Online payments can be made in or out of the login. If you make your payment online, please allow up to three business days for your transaction to post to your account.

Customers enrolled in ADT EasyPay automated billing are still required to make a one time payment for any additional fees incurred on an account, such as ordered batteries, service fees, etc.

ADT accepts Visa, Mastercard, American Express, Discover, and ACH payment.

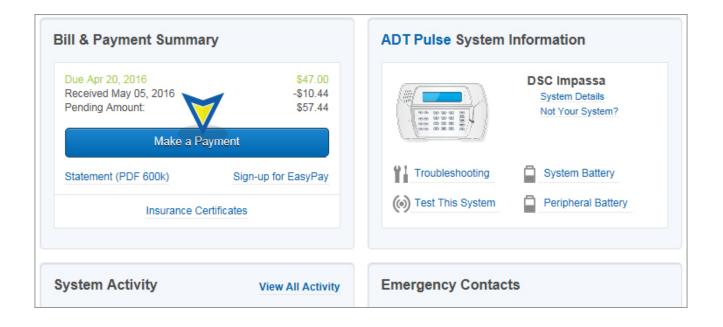

Log In and Make a Payment

You can log in and make a payment anytime.

To make a one time payment:

- 1. Log in to your MyADT account.
- 2. Go to Make A Payment, located on the left hand side of the Overview screen.
- 3. Choose your payment type and amount, then click on Make A Payment. You can pay in full or choose a different amount.

Once your payment is complete, a reference number will be sent to the primary email address on file. If you make your payment online, please allow up to three business days for your transaction to post to your account.

Express Pay

You can make a one time payment on MyADT without logging in.

To make a one time payment:

- 1. Go to Express Pay located in the upper right hand corner of the MyADT homepage.
- 2. Provide your Customer Number and the first 5 digits of your billing zip code. This information can be found on the top right yellow portion of your bill.
- 3. Select payment method.
- 4. Enter your payment details. You can pay in full or choose a different amount.

Once your payment is complete, you will be given a reference number and the opportunity to provide additional information needed to register for a MyADT account.
